

On November 19, 2021, the Commission issued an order in the above-captioned dockets, which accepted and suspended PJM Interconnection, L.L.C.'s (PJM) filing concerning transmission owner (TO) Initial Funding¹ for five months, to become effective February 1, 2022, subject to refund and the outcome of paper hearing procedures.² The PJM Paper Hearing procedures are pending before the Commission. The Commission also accepted and suspended PJM's two additional filings, which included ministerial tariff revisions related to those being considered in the PJM Paper Hearing procedures, subject to refund and the outcome of the PJM Paper Hearing procedures, and consolidated those proceedings with the ongoing PJM Paper Hearing procedures (collectively, PJM Consolidated Proceedings).³

On June 13, 2024, the Commission issued the Order to Show Cause finding that the existing open access transmission tariffs of certain regional transmission organizations and independent system operators, including PJM, appear to be unjust, unreasonable, and unduly discriminatory or preferential because they include provisions for transmission owners to unilaterally elect TO Initial Funding.⁴

Upon consideration, given the common issues raised in the PJM Paper Hearing procedures, the PJM Consolidated Proceedings, and the Order to Show Cause proceeding, notice

¹ Under TO Initial Funding, the transmission owner unilaterally elects to initially fund the network upgrade capital costs that it incurs to provide interconnection service to the interconnection customer, and the transmission owner subsequently recovers the network upgrade capital costs through charges that provide a return on and of these network upgrade capital costs from the interconnection customer. *Midcontinent Indep. Sys. Operator, Inc.*, 187 FERC ¶ 61,170, at P 1 n.1 (2024) (Order to Show Cause).

² *PPL Elec. Utils. Corp.*, 177 FERC ¶ 61,123, at PP 2, 24, 57 (2021) (PJM Paper Hearing procedures). Also, on December 20, 2022, the Commission accepted and suspended certain ministerial conforming tariff revisions related to those being considered in the PJM Paper Hearing procedures, to become effective January 3, 2023 and December 31, 9998, as requested, subject to refund and the outcome of the PJM Paper Hearing procedures, and consolidated that proceeding with the ongoing PJM Paper Hearing procedures. *PPL Elec. Util. Corp.*, 181 FERC ¶ 61,245, at P 1 (2022). On April 4, 2024, the Commission accepted and suspended additional ministerial conforming tariff revisions changing the December 31, 9998 effective date to October 5, 2023, subject to refund and the outcome of the PJM Paper Hearing procedures, and consolidated that proceeding with the ongoing PJM Paper Hearing procedures. *PPL Elec. Util. Corp.*, 187 FERC ¶ 61,010 (2024).

³ See *supra* note 2.

⁴ Order to Show Cause, 187 FERC ¶ 61,170 at P 1.

is hereby given that the PJM Paper Hearing procedures and the Consolidated PJM Proceedings are held in abeyance pending the outcome of the Order to Show Cause proceeding.

Dated: June 13, 2024.

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060-0741; FR ID 227055]

Information Collection Being Reviewed by the Federal Communications Commission

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or the Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collection. Comments are requested concerning:

whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

DATES: Written PRA comments should be submitted on or before August 20, 2024. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Nicole Ongele, FCC, via email PRA@fcc.gov and to nicole.ongele@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection, contact Nicole Ongele, (202) 418-2991.

SUPPLEMENTARY INFORMATION: The FCC may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid Office of Management and Budget (OMB) control number.

OMB Control Number: 3060-0741.

Title: Accelerating Wireline Broadband Deployment by Removing

Barriers to Infrastructure Investment, GN Docket No. 17-84.

Form Number(s): N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit entities.

Number of Respondents and

Responses: 4,688 respondents; 471,548 responses.

Estimated Time per Response: 0.5-4.5 hours.

Frequency of Response: On occasion reporting requirements; recordkeeping and third-party disclosure requirements.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for this information collection is contained in 47 U.S.C. 222 and 251.

Total Annual Burden: 473,068 hours.

Total Annual Cost: No cost.

Needs and Uses: Section 251 of the Communications Act of 1934, as amended, 47 U.S.C. 251, is designed to accelerate private sector development and deployment of telecommunications technologies and services by spurring competition. Section 222(e) is also designed to spur competition by prescribing requirements for the sharing of subscriber list information. These information collection requirements are designed to help implement certain provisions of sections 222(e) and 251, and to eliminate operational barriers to competition in the telecommunications services market. Specifically, these information collection requirements will be used to implement (1) local exchange carriers' ("LECs") obligations to provide their competitors with dialing parity and non-discriminatory access to certain services and functionalities; (2) incumbent local exchange carriers' (ILECs) duty to make network information disclosures; and (3) numbering administration. In November 2017, the Commission adopted new rules concerning certain information collection requirements implemented under section 251(c)(5) of the Act, pertaining to network change disclosures. Most of the changes to those rules applied specifically to a certain subset of network change disclosures, namely notices of planned copper retirements. In addition, the changes removed a rule that prohibits incumbent LECs from engaging in useful advanced coordination with entities affected by network changes. In June 2018, the Commission revised its network change disclosure rules to (1) revise the types of network changes that trigger an incumbent LEC's public notice obligation, and (2) extend the force majeure provisions applicable to copper retirements to all types of network changes. The changes were
