

Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

Project Title: Harmoni Conditional Use Permit (UP23-0010)

Lead Agency: Butte County

Contact Name: Tristan White, Assistant Planner

Email: twhite@buttecounty.net Phone Number: 530.552.3687

Project Location: Thermalito, Butte County
City *County*

Project Description (Proposed actions, location, and/or consequences).

Harmoni Towers, would construct a new unmanned wireless communications monopole, 80' in height with six (6) 8-foot antennas attached, and one remote radio unit. The project includes (2) ground mounted radio cabinets on a reinforced concrete pad; a fiber vault and a multimeter utility service mounted on an H-frame within a 50' X 50' lease area contained within a 6-foot high chain link fence with a 12-foot wide access gate. A new 25 kW generator and 240-gallon diesel fuel tank will be installed in a 5'x10' raised concrete pad. All pervious area would be covered with gravel over a weed barrier. The site would be accessed from 16th Street via an existing unpaved access driveway along the eastern side of the property. The facility will be un-staffed, and once in operation will generate approximately one vehicle trip per quarter for routine maintenance and inspections. Per the noise study, the generator would be tested for approximately 15 minutes per week. The project is proposed for construction in late 2024. This will be part of an existing wireless network, but no other incremental activity is associated with this application. Up to two additional carriers could be co-located on the monopole.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

N/A

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

N/A

Provide a list of the responsible or trustee agencies for the project.

California Department of Transportation, District #2
