Present Land Use/Zoning/General Plan Designation:

Public Facilities, Commercial, and Low Density Residential/ Institutional, Single Residential, Service Commercial

Project Description: *(please use a separate page if necessary)*

The Proposed Project will increase the hydraulic capacity of the Blue Water channel on the south side of Big Bear City Airport from Division Drive to Valley Boulevard. The channel bottom will be widened, and side slopes will be concreted. The channel bottom will vary from earthen to concrete as appropriate and also be amended to serve as a water quality bioswale. Additionally, the 90 degree turn where the drainage meets the Big Bear City Airport will be widened and constructed with a reduced angle to allow for proper drainage. Pavement rehabilitation will occur on Pine View Drive to Sugarloaf Boulevard, and the portion of Pine View Drive from Aeroplane Boulevard to Country Club Boulevard will be paved (previously paved but deteriorated down to dirt/gravel).

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
