Project Description: (please use a separate page if necessary)

The proposed Project consists of the annexation of 75.31 acres into the City of Selma. A horizontal mixed-use residential and commercial development project is proposed on the northern 39.1 acres of the annexation area. No development is proposed for the remaining 36.21 acres. A total of 600 apartment units are planned for the Project and approximately 40,000 square feet of retail and food service uses, and a 100-key hotel are anticipated in the commercial area. A Vesting Tentative Subdivision/Tract Map is also proposed that would create 17 individual lots and 3 outlots for building pads, parking lots, apartment sites, the public park and privately maintained roads within the development. The proposed subdivision lots range in size from 0.10 acres to 4.85 acres.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
