Project Description (Proposed actions, location, and/or consequences).

The Proposed Project proposes to construct a new aquatic center and gymnasium building. The new gymnasium building will be located on the south side of the existing football and track and field, and covers an area of approximately 65,000 square feet. The building will include a competition gymnasium, practice gymnasium, weight room, wrestling room, dance room, fitness room, trainer room, offices, 4 team rooms, locker rooms, restroom and other ancillary spaces such as storages and custodial rooms. The proposed aquatic center will be located immediately on the western side of the gymnasium building and will consist of an outdoor competition swimming pool, restrooms, a team room, one pool equipment building, a one-story ticket/storage building and sport lighting. One set of new aluminum bleachers will be located in the most western portion of the aquatic center. Other improvements at the site will include a concrete pool deck, a scoreboard, four (4) stadium lights, concrete and asphalt hardscaped areas, low site walls and new utility lines. The entire aquatic center will have CMU perimeter walls.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

Cultural Resources:

MM CUL-1: LBUSD shall retain the services of a qualified cultural resources consultant and require that all initial ground disturbing work be monitored by a cultural resources monitor (monitor).

MM CUL-2: Prior to commencing construction activities and thus prior to any ground disturbance in the Proposed Project site, the Consultant shall conduct initial Worker Environmental Awareness Program (WEAP) training to all construction personnel.

MM CUL-3: A minimum of 48-hours' notice will be provided to the archaeological consultant of commencement of any initial ground disturbing activities that have potential to expose or encounter intact subsurface sediments underlying the Project site.

MM CUL-4: If formally requested during Native American Consultation under AB 52, a Native American monitor(s) selected by the tribe should be present at the Project kickoff meeting.

MM CUL-5: If cultural resources are discovered, construction shall be halted within 50 feet of any cultural artifacts and within 100 feet of any potential human remains. Construction shall not resume until a Qualified Archaeologist can determine the resources significance.

MM CUL-6: the Consultant shall prepare a Cultural Resources Monitoring Report at the completion of ground activities.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

No controversies are known.
