Project Title: San Joaquin General Hospital Solar

Project Location: See attached vicinity map

Description of Nature, Purpose, and Beneficiaries: See attached project description

Public Agency Approving Project: San Joaquin County Public Works Department

Name of Agency Carrying Out Project: San Joaquin County Public Works Department

This is to advise that the San Joaquin County Public Works Department has approved the above described project on 12/7/2021 and has made the determination that the project is exempt due to the following:

Exempt Status (check one):

- Ministerial (Sec. 21080 (b) (1); 15268)
- Declared Emergency (Sec. 21080 (b) (3); 15269(a))
- Emergency Project (Sec. 21080 (B) (4); 15269(b) (c))
- Categorical Exemption: New Construction of Small Structures (Sec. 15303 (e))
- Statutory Exemption (Sec. 15282(l))

Reason(s) why project is exempt: The project will install electric vehicle chargers, which will only require minor alterations to existing infrastructure.

SAN JOAQUIN COUNTY GENERAL HOSPITAL SOLAR

Project Description

Project Location:

San Joaquin General Hospital (near North Loop Road). **See attached Vicinity Map.**

Project Justification:

San Joaquin County Public Works was awarded a Highway Safety Improvement Program (HSIP) grant to install an off-grid solar electric vehicle (EV) charger at the San Joaquin General Hospital.

Scope of Work:

The Project consists of:

1. Constructing an off-grid solar EV charger for 20 parking spots at San Joaquin General Hospital, near Stockton, California. Solar array, battery storage, and a renewable diesel back-up generator will also be included.

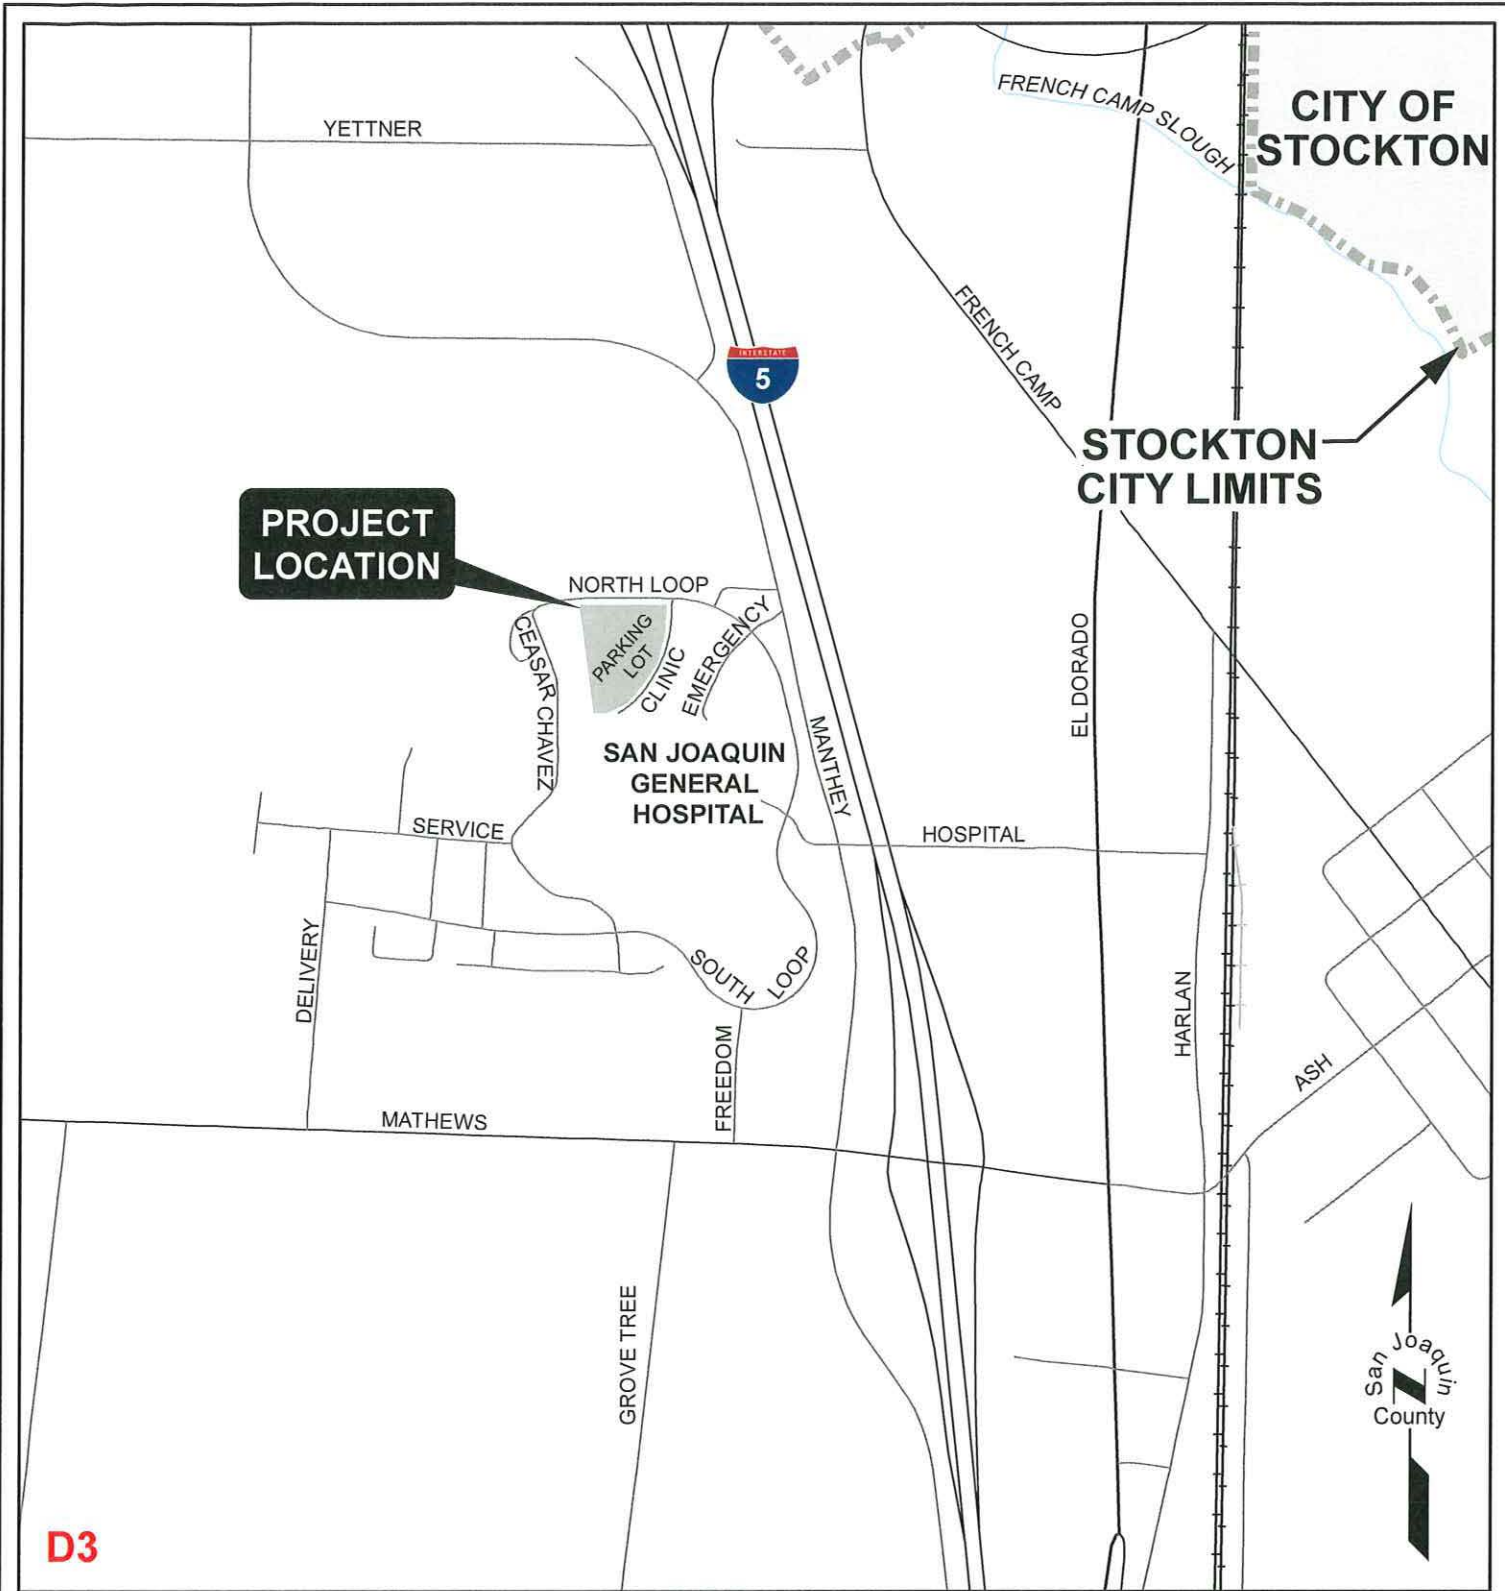

Environmental Setting:

In this portion of the San Joaquin County, land usage is institutional.

There are many large trees adjacent to the project area. Nesting and migratory birds, protected by the Migratory Bird Treaty Act, may nest within these trees. Furthermore, the Swainson's Hawk, a raptor species of concern within the State of California and listed as threatened may nest adjacent to or within the project area. A pre-construction survey for nesting Swainson's Hawks and other migratory birds is recommended if construction is scheduled to occur from February 15th to September 1st.

Beneficiaries:

The public will benefit from the installation of EV chargers, will encourage the use of EVs and, therefore, reduce emissions.
