

Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

Project Title: CCR, Title 14, Sections 2.30 5.00, 7.50, 8.00, 703: Inland Sport Fishing RegulationsLead Agency: California Fish and Game CommissionContact Name: Melissa Miller-HensonEmail: fgc@fgc.ca.gov Phone Number: (916) 653-7229Project Location: Los Angeles, San Bernardino, Mono, Alpine, Nevada, Placer, and Yuba counties
City *County*

Project Description (Proposed actions, location, and/or consequences).

The Fish and Game Commission proposes to amend a variety of regulations related to sport fishing for the 2025 season and onward. The project will reduce the daily bag limit for trout in Parker Lake and Willow Creek, reduce the minimum size limit for black bass in Lake Castaic, allow take of American Shad by spearfishing in the Valley District, simplify and streamline access to low-flow fishing information, and amend the fishing boundary for Deep Creek. These proposed regulatory changes are needed to effectively manage California's sport fisheries, and correct errors and inaccuracies in the existing regulations to reduce public confusion and improve regulatory enforcement.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

The initial study and the Commission's review of the project showed that the project will not have any significant or potentially significant effects on the environment and therefore no alternatives or mitigation measures are proposed to avoid or reduce any significant effects on the environment.

The project will not have a significant effect on aesthetics, agriculture and forestry resources, air quality, biological resources, cultural resources, energy, geology and soils, greenhouse gas emissions, hazards and hazardous materials, hydrology and water quality, land use and planning, mineral resources, noise, population and housing, public services, recreation, transportation, tribal cultural resources, utilities and service systems, and wildfire.

Therefore, a negative declaration is filed pursuant to the California Environmental Quality Act (CEQA), Public Resources Code Section 21080, subdivision (c).

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.
