Project Description (Proposed actions, location, and/or consequences).

The Climate Action Plan Update (CAP Update) modernizes the City of Santa Barbara 2012 Climate Action Plan and provides a road map of specific actions to reduce greenhouse gas emissions and achieve City emission targets. The Master Environmental Assessment Guidelines for Greenhouse Gas Emission Analysis (Guidelines) establishes a greenhouse gas impact analysis methodology and threshold of significance for projects or plans within the City.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

No potentially significant impacts were identified.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

No known areas of controversy.

Provide a list of the responsible or trustee agencies for the project.

None.
