

# Notice of Exemption

To:  
Office of Planning and Research  
P.O. Box 3044, Room 113  
Sacramento, CA 95812-3044

From:  
State Water Resources Control Board

500 North Central Avenue, Suite 500

Glendale, CA 91203

Chi P. Diep

(818) 551-2004

Project Applicant: Golden State Water Company-Norwalk

Project Title: Dace Benzene Treatment (Project)

Project Address: 11960 Dace St, Norwalk, 90670, APN: 8047-007-193

Project County: Los Angeles County

## Project Description:

The Applicant proposes to install and operate a granular activated carbon (GAC) filtration system to remove benzene from the drinking water at its existing Dace facility and return the well to service. The Dace facility currently consists of Well No. 2 and a manganese treatment system. The new GAC treatment system consists of four 12-foot diameter vessels that will be placed on an 1,875 square-foot

Public Agency Approving the Project: State Water Resources Control Board (State Water Board)

This is to advise that the State Water Board has issued a water supply permit amendment for the described project on 07/17/2024. A record of approval for the Project is available to the general public at the State Water Board, Division of Drinking Water District Office noted above.

## Exemption Status:

Categorical Exemption(s)

Class 1, section 15301

## Reason why project is exempt:

The Project is exempt because it is a minor modification to an existing facility and involves no expansion of existing or former use. None of the exceptions listed in section 15300.2 of the CEQA Guidelines would apply to the proposed Project.
