

## NOTICE OF AVAILABILITY/NOTICE OF INTENT TO ADOPT A NEGATIVE DECLARATION

The City of King has prepared an Initial Study and Negative Declaration for the San Antonio Drive Path and Safe Routes to Schools Project (Project) pursuant to the requirements of the California Environmental Quality Act Section 21000 et seq. and State CEQA Guidelines Section 15070 through 15075. The Initial Study/Negative Declaration is being circulated for public review and comment for a review period of 30-days beginning on July 24, 2024, and ending on August 23, 2024.

**PROJECT DESCRIPTION:** The project includes the design and construction of a 1-mile “road diet” on San Antonio Drive from Broadway Street to Mildred Avenue that will transform the existing 4- lane roadway to a 2-lane roadway with curb extensions, buffered and protected bike facilities, roundabouts, and Safe Routes to School improvements including high-visibility crosswalks. The road diet includes a paved bicycle and pedestrian path along San Antonio Drive, to close the gap between existing trails in San Lorenzo County Park and Class II bike lanes on San Antonio Drive further to the north. Additionally, the Project will include 3 roundabouts along Broadway Street at Franciscan Way, Canal Street, and Mildred Avenue.

**PROJECT LOCATION:** Project is located within the public right of way of San Antonio Drive from North Mildred Avenue to San Lorenzo County Park (Broadway Street), and segments of Broadway Street, Mildred Avenue, King Street, Ellis Street, Collins Street and Canal Street.

**AVAILABILITY OF INFORMATION:** Copies of the Draft Initial Study and proposed Negative Declaration are available for review at City Hall, 212 South Vanderhurst Avenue, King City, CA 93930, and online at <https://www.kingcity.com/189/Public-Works-Department>. Written comments on the proposed Negative Declaration addressed to Octavio Hurtado, Public Works Director/City Engineer at 212 South Vanderhurst Avenue, King City, CA 93930 or [ohurtado@kingcity.com](mailto:ohurtado@kingcity.com) will be accepted up to the close of the public review period on August 23, 2024. Please contact Octavio Hurtado at (831) 385-3281 for more information or questions regarding the proposed project.
