

# Summary Form for Electronic Document Submittal

**Form F**

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

Project Title: Canada Goose Adaptive Management Plan

Lead Agency: City of Foster City

Contact Name: Monica Ly

Email: mly@fostercity.org

Phone Number: 650-286-3244

Project Location: Foster City

*City*

San Mateo

*County*

Project Description (Proposed actions, location, and/or consequences).

The Project proposes to identify CAGO (Canada Goose [*Branta canadensis*] management techniques and deployment strategies to be implemented on an as needed basis. Selection criteria used to identify priority parks were based on their proximity to the lagoon system, presence of sports fields used by children, and history of conflicts between human use and CAGO presence. At this time, management of CAGO will focus on seven or 30 percent of the parks in the City: Gull Park, Erckenbrack Park, Marlin Park, Leo J. Ryan Park, Catamaran Park, Edgewater Park, Sea Cloud Park. All the parks included in the CAGO management plan are located along or near Foster City Lagoon, with the eastern portion of Sea Cloud Park enhanced as a wetland restoration area excluded from the CAGO Management Plan. The proposed management practices will be adaptive and include both habitat modification and hazing methodologies to deter CAGO from using City parks and the lagoon and encourage CAGO to relocate to more natural habitats.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

The Initial Study prepared by the City was undertaken for the purpose of deciding whether the proposed project may have a significant effect on the environment. On the basis of the Initial Study, City has concluded that the proposed project will not have a significant effect on the environment and, therefore, has prepared a Mitigated Negative Declaration. The project site is not on a list of hazardous waste sites compiled pursuant to Government Code Section 65962.5.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.
