There are no known unusual circumstances that will have a significant effect on the environment.

4. *Will the project result in damage to scenic resources, including but not limited to trees, historic buildings, rock outcroppings, or similar resources within a highway officially designated as a scenic highway?*

The Project is not located in the vicinity of a highway officially designated as a scenic highway. The project will not result in damage to scenic resources or similar resources within a highway that is officially designated as a scenic highway.
