Present Land Use/Zoning/General Plan Designation:

Light Industrial (IL)

Project Description: (please use a separate page if necessary)

The City of Fresno (City) is proposing the construction of a new 12,072-square-foot 911 Emergency Call Center for the Fresno Police Department on a 1.25-acre project site located in the eastern portion of the City's Municipal Service Center (MSC). The proposed emergency call center would consist of a single-story building with a large call center space, office space for managers and supervisors, a conference room, a training room, breakrooms, restrooms, an exercise and fitness room, a server room, an electrical room, and an outdoor courtyard. The proposed emergency call center would be operational 24 hours a day, every day of the calendar year, and would be operated and maintained by the Fresno Police Department. Operation of the emergency call center would involve transferring existing operations (i.e., number of employees) from the police department. It is anticipated that future operation of the emergency call center would generate 30 to 35 new employment opportunities.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
