Present Land Use/Zoning/General Plan Designation:

Residential Low Density (R-1) Zone/Village Low Density

Project Description: (please use a separate page if necessary)

The Project proposes to remove the existing single-family residence, detached guest house, and associated site improvements, and construct a new two-story, 3,583 square-foot single-family residence with attached 528 square-foot two-car garage, elevated deck, pool and spa, hardscaping, and landscaping. Development of the residential structure would be limited to the previously-developed southeastern parcel; the northwestern parcel would remain undeveloped. The Project also proposes street improvements within the adjacent right-of-way, including widening the northern portion of San Clemente Street to between 17 and 21 feet, ultimately terminating in a 32-foot-wide cul-de-sac. The Project would be subject to various City permits and approvals, including, but not limited to: adoption of a Final Mitigated Negative Declaration and Mitigation Monitoring and Reporting Program; Design Review DR-2021-8817; Coastal Development Permit CDP-2021-8819; and a Variance VAR-2021-8820.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
