Please include “**CEQA Greenbriar Residential Development Project**” in the subject line.

PROJECT LOCATION: The approximately 9.7-acre Project site (Assessor’s Parcel Number 319-102-34) is located at the southwest corner of South Associated Road and Greenbriar Lane, at 1698 through 1700 Greenbriar Lane in the City of Brea. The Project site is generally bounded by Greenbriar Lane to the north, the Fullerton Creek drainage channel and South Associated Road to the east, State Route 57 (SR-57) to the west, and the Brea Plaza Shopping Center to the south.

EXISTING CONDITIONS: The Project site is currently developed with a 164,908-square-foot office building that was constructed in 1976, which was most recently occupied by the Mercury Insurance Company. Other structures on the Project site include a three-story parking structure.

PROJECT DESCRIPTION: The proposed Project would require demolition of the existing office building, parking structure, and parking lot, and subsequent construction and operation of 179 attached residential units on the 9.7-acre site. Vehicular access to the residential property would be solely via Greenbriar Lane. No vehicular access would be provided to the Brea Plaza Shopping Center or directly to South Associated Road. Vehicular access to the Project site would require minor reconfiguration of Greenbriar Lane. The following discretionary actions and approvals are proposed for the Project implementation:

- » **Certification of Environmental Impact Report (EIR No. 2024-01).** The EIR for Greenbriar Residential Development Project has been prepared in accordance with CEQA and the CEQA Guidelines. Prior to the approval of the proposed Project, the EIR must be certified by the City Council in conjunction with approvals of any Project related entitlements.
- » **General Plan Amendment (GPA No. 2024-02).** The City of Brea General Plan Land Use Map would be amended from the current “General Commercial” to the proposed “Mixed-Use II” designation.
- » **Rezoning (ZC No. 2024-02).** The City of Brea Zoning Map would be amended from the current “General Commercial (C-G)” Zone to “Mixed-Use II (MU-II)” Zone.
- » **Vesting Tentative Tract Map (TTM No. 2024-01)/Precise Development (PD No. 2024-02).** Approval of a vesting tentative tract map and Precise Development for the subdivision of the 9.7-acre site for a residential community.
- » **Development Agreement (DA No. 2024-01).** Approve a development agreement between the City of Brea and the Project Applicant (Lennar Homes of California, Inc) in conjunction with the proposed Project. It establishes vesting of development rights and entitlements and identifies Project improvements, timing of improvements, and the responsibilities and rights of both the City and the Project Applicant.

ENVIRONMENTAL ISSUES: Based on the analysis in the DEIR and comment letters received in response to the Notice of Preparation (NOP), the City determined that implementation of the proposed Project would result in less than significant impacts related to air quality, cultural and paleontological resources, greenhouse gas emissions, hazards and hazardous materials, and tribal cultural resources with mitigation. No significant unavoidable impacts were identified. The Project site is not on a list compiled pursuant to Government Code §65962.5.
