Project Title: West River Street Parkway Development (Streambed Alteration Agreement EPIMS Notification No. NEV-16218-R2)

Project Location: The Project is located at the Truckee River, in the County of Nevada, State of California; Latitude 39.32603, Longitude -120.187630; 10257 West River Street Truckee, CA, 96161; Assessor's Parcel Number: 019-130-004-000.

Project Description: The California Department of Fish and Wildlife has executed an amendment to the Streambed Alteration Agreement EPIMS Notification Number NEV-16218-R2, pursuant to Section 1602 of the Fish and Game Code to the project Permittee, Town of Truckee.

The project is limited to the following amended language to Agreement NEV-16218-R2:

1. A revision to Measure 2.3 Work Period in Low Rainfall / Dry Weather Only, from stating "less than ¼-inch per 24-hour period" to "less than ½- inch per 24-hour period".
2. A project revision adding additional grading and rip rap to the western slope of the project above the 100-year floodplain. The rip rap will cover approximately 2,700 square feet of the slope on the west side of the project. The rip rap design includes: 3' boulders (approximately 36) installed in an anchor trench at the base of the rip rap slope and approximately 2,340 cubic feet of Class 3 RSP (24" max) and Class 1 RSP (12" max). Rip rap will be placed with spaces for riparian plantings.

Public Agency Approving Project: CALIFORNIA DEPARTMENT OF FISH AND WILDLIFE

Person or Public Agency Carrying out Project: Town of Truckee

Exempt Status:

Categorical Exemption. Type – Class (4 ,11 & 32); California Code of Regulations, title 14, sections (15304, 15311 & 15332)

Reasons why project is exempt: This project is class 4 exempt because it consists of minor public alterations in the condition of land, water, and/or vegetation with new landscaping and minor trenching and backfilling. This project is class 11 exempt because it consists of the construction of minor structures accessory including a small parking lot, seating, and lookout areas. This project is class 32 exempt because it consists of an in-fill project with proposed development occurring within city limits on a project site of no more than five acres. The project area is substantially surrounded by urban uses with no value as habitat for endangered, rare or threatened species.
