Project Description (Proposed actions, location, and/or consequences).

The project is proposing Conditional Use Permit #24-0004 to construct and operate a new residential well for an existing manufactured home and new shop. The existing manufactured home is going to be replaced due to its state of disrepair. The existing home was previously served through potable water delivery and the proposed water well has a projected annual water usage of one (1) acre-foot per year, which will be more than sufficient to serve the project as the home will be occupied on a seasonal basis.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

No mitigation measures needed.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

None have been expressed at this time.

Provide a list of the responsible or trustee agencies for the project.

- California Department of Fish and Wildlife
- U.S. Fish and Wildlife Service
- Imperial County Air Pollution Control District
- Imperial County Public Works Department
- Imperial County Fire Department
- Imperial Irrigation District
