 Emergency Project (Sec. 21080(b)(4); 15269(b)(c));
 Categorical Exemption. State type and section number: Class 2 (Guidelines Section 15302)
 Statutory Exemptions. State code number: _____

Reasons why project is exempt:

An existing utility facility (water storage tank) will be replaced with a new tank on the same site for the same purpose. The project would increase total water storage capacity by 10% but would not increase MCSD's water service area, water supply commitment, or water volume provided. It merely increases water storage volume to meet current engineering standards. No exceptions under CEQA Guidelines Section 15300.2 apply.
