Project I.D.: APCD Regulation XIII, Part 70 Operating Permits
Project Title: Amendments to District Regulation XIII – Part 70 Operating Permits
Project Applicant: Santa Barbara County Air Pollution Control District
Project Location: Santa Barbara County

Project Description: The project consists of amending Rules 1301, 1302, and 1303 in Regulation XIII to comply with recent changes to the federal Part 70 Operating Permit Program. The amendments remove the emergency affirmative defense provisions and include other administrative changes that are necessary to maintain a federally-approved operating permit program for major stationary sources of air pollution.

Exempt Status: (Check One)

CEQA Section(s):

- Ministerial (Section 21080 (b)(1); 15268)
- Declared Emergency (Section 21080(b)(3); 15269(a))
- Emergency Project (Section 21080(b)(4); 15269(b)(c))
- Categorical Exemption (Cite section: _____)
- Statutory Exemption (Cite section: _____)

Other Basis for Exemption:

- General “Common Sense” Exemption under CEQA Guidelines Section 15061(b)(3)
- District CEQA Guidelines, Appendix A (“District List of Exempt Projects”)

Reasons Why Project is Exempt: This project is exempt from CEQA pursuant to CEQA Guidelines Section 15061(b)(3). This section provides a “common sense” exemption for projects that do not have the potential for causing a significant effect on the environment. This rulemaking project consists of removing the emergency affirmative defense provisions and other administrative changes in order to maintain a federally-approved Title V operating permit program for major stationary sources of air pollution. Since these rule amendments are limited to enforcement and administrative changes, there are no reasonably foreseeable environmental impacts.
