Good afternoon Mr. Collum,

The Department of Transportation (Caltrans) appreciates the opportunity to review and comment on the Notice of Exemption for the proposed project to stabilize the Koch Cabin (Residence 28) to preserve this historic building that is visible to visitors. There are no plans for this building to be used as a residence or office space and work is being done to keep the building from deteriorating further and falling into ruin.

The location of the proposed project is located at Columbia State Historic Park, 11259 Jackson Street, Columbia, CA, 95310.

Caltrans has no comments at this time. However, Caltrans requests to be included in the review process for all future development at this location.

Thank you,

Janet
