

**NOTICE OF INTENT TO ADOPT A MITIGATED NEGATIVE DECLARATION FOR
CEQA-24-0012 (ELLIS ROAD BRIDGE REPLACEMENT PROJECT)
AND NOTICE OF PUBLIC HEARING
BEFORE THE YUBA COUNTY DEVELOPMENT REVIEW COMMITTEE**

NOTICE IS HEREBY GIVEN that a public hearing will be held before the Yuba County Development Review Committee (DRC) on Thursday October 3, 2024, at 9 a.m. or soon thereafter, in the Board of Supervisors Chamber, Yuba County Government Center, 915 8th Street, Marysville, CA. The Yuba County DRC will consider the following:

CEQA-24-0012 (Ellis Road Bridge Replacement Project): The Yuba County Public Works Department, in cooperation with Caltrans, is requesting an Environmental Assessment to replace the existing Ellis Road Bridge over Simmerly Slough (State Bridge No. 56C-0020). The new bridge will be a single-span, cast-in-place slab structure, measuring 51 feet in length and 24 feet in width. The design will comply with current American Association of State Highway and Transportation Officials (AASHTO) standards and Yuba County requirements. The project is expected to involve minor grading of the streambed immediately adjacent to the bridge, with rock slope protection installed to safeguard the bridge embankments. The purpose of this project is to provide a structure that meets current design standards, enhancing both safety and operational efficiency. The project site is located on Ellis Road, approximately 2 miles north of Marysville and 0.2 miles east of Highway 70, in an agricultural area of Yuba County, California.

The DRC will be considering adoption of a Mitigated Negative Declaration (MND) pursuant to the California Environmental Quality Act. The public comment period for the MND is August 30, 2024 to September 30, 2024.

Any person wishing to testify on the above projects may attend the DRC meeting at the prescribed time, or may submit written comments or objections to the Community Development and Services Agency at 915 8th Street, Suite 123, Marysville, CA 95901, prior to the hearing. Copies of the staff recommendations are available for inspection at the same address. If you have any questions, you may contact Ciara Fisher with the Planning Department at (530) 749-5470.

The DRC's action on the project may be appealed by any interested person to the Board of Supervisors by filing a written appeal with the Planning Department within 10 days following the DRC's final action on the project. If the Board of Supervisors is the final Approving Authority, or if the project is appealed to the Board, the Board's action is final.

If you challenge the action of the DRC on this matter in court, pursuant to Government Code section 65009 you may be limited to raising only those issues you or someone else raised at the Public Hearing described in this notice, or in written correspondence delivered to the Planning Department at, or prior to the hearing.
