

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

A primary issue associated with this solar farm project, and other solar facility projects that are proposed in the County, is the corresponding land use compatibility and fiscal/economic impacts to the County. Through the environmental review process for this project, other areas of concern and issues to be resolved include potential impacts related to the conversion of farmland to non-agricultural uses, damage to crops, wildlife, water supply, fire hazards associated with the battery energy storage system, health effects from air pollution, noise and hazardous materials, and change of visual character.

Provide a list of the responsible or trustee agencies for the project.

- California Regional Water Quality Control Board
- California Department of Fish and Wildlife
- U.S. Fish and Wildlife Service
- Imperial County Air Pollution Control District
- Imperial County Public Works Department
- Imperial County Fire Department
