**PROJECT DESCRIPTION:**

Environmental Assessment No. D-21-779 proposes the development of a neighborhood park on approximately 4.5 acres of vacant land currently zoned as Park and Recreation. Proposed park amenities include a multi-use field, covered stage, playgrounds, a water play area, restrooms, picnic shelters, a rubberized jogging track, a dog park, multi-use courts for tennis, basketball, futsal, and pickleball, and an exercise area. Trees will be planted along the perimeter of the park site.

The City of Fresno has conducted an initial study of the above-described project and it has been determined to be a subsequent project that is not fully within the scope of the Master Environmental Impact Report SCH No. 2012111015 (MEIR) prepared for the Fresno General Plan. Therefore, the City of Fresno PARCS Department proposes to adopt a Mitigated Negative Declaration for this project.

With the project specific mitigation imposed, there is no substantial evidence in the record that this project may have additional significant, direct, indirect or cumulative effects on the environment that are significant and that were not identified and analyzed in the MEIR. After conducting a review of the adequacy of the MEIR pursuant to Public Resources Code, Section 21157.6(b)(1), the City of Fresno, as lead agency, finds that no substantial changes have occurred with respect to the circumstances under which the MEIR was certified and that no new information, which was not known and could not have been known at the time that the MEIR was certified as complete has become available. The project is not located on a site which is included on any of the lists enumerated under Section 65962.5 of the Government Code including, but not limited to, lists of hazardous waste facilities, land designated as hazardous waste property, hazardous waste disposal sites and others, and the information in the

E20211000054

Hazardous Waste and Substances Statement required under subdivision (f) of that Section.

Additional information on the proposed project, including the MEIR proposed environmental finding of a mitigated negative declaration and the initial study may be obtained from the PARCS Department, 1515 E. Divisadero Street Fresno, CA 9372. Please contact Aldi Ramirez and Aaron Aguirre, Aldi.Ramirez@fresno.gov and Aaron.Aguirre@fresno.gov, for more information.

ANY INTERESTED PERSON may comment on the proposed environmental finding. Comments must be in writing and must state (1) the commentor's name and address; (2) the commentor's interest in, or relationship to, the project; (3) the environmental determination being commented upon; and (4) the specific reason(s) why the proposed environmental determination should or should not be made. Any comments may be submitted at any time between the publication date of this notice and close of business on **April 12, 2021**. Please direct comments to Aldi Ramirez, Project Administrator, and Aaron Aguirre, City of Fresno PARCS Department by email at Aldi.Ramirez@fresno.gov and Aaron.Aguirre@fresno.gov.
