Present Land Use/Zoning/General Plan Designation:

The existing General Plan designation and zone classification for all three sites are Agricultural/Open Space and Agricultural, respectively.

Project Description: (please use a separate page if necessary)

The project consists of a requested Conditional Use Permit (CUP) to allow for the construction of three solar facilities on three sites (project). The three solar facilities include: 1) Lerdo West, 2) Lerdo Middle, and 3) Ranch 3461. The 2.3-acre Lerdo West site [Assessor's Parcel Number (APN) 089-090-30] is located northeast of the Cherry Avenue and Lerdo Highway (at coordinates 35.504149, -119.232113) and would include a 716-kilowatt (kW) fixed ground mount solar photovoltaic (PV) system. The 8.6-acre Lerdo Middle site (APN 091-320-03) is located southwest of the intersection of Wallace Road and Road 5039 (at coordinates 35.506220, -119.162031) and would include a 2,537-kW tracker solar PV system. The 11.7-acre Ranch 3461 site (APN 091-252-34) is located east of Mendota Street (at coordinates 35.456388, -119.225118) and would include a 3,412-kW tracker solar PV system. Since each proposed facility would generate greater than 5 kilowatts of electricity, these uses are conditionally allowed within the A (Agricultural) zone and therefore, a CUP is required. A CUP is a discretionary action and therefore triggers California Environmental Quality Act (CEQA) review.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X". If you have already sent your document to the agency please denote that with an "S".
