Project Title: Gateway Park Pedestrian Bridge Replacement Project

Project Location: 2nd Avenue/South Grant Street

Project Location – City: San Mateo

Project Location – County: San Mateo

Name of Public Agency Approving Project: City of San Mateo

Description of Project: The proposed project would remove and replace the existing pedestrian bridge in Gateway Park and replace it with new steel bridge of the same size and design (including a tubular steel frame and continuous metal deck). The existing walkway adjacent to the south side of the bridge would be replaced to meet ADA requirements and minor concrete repairs would be made to the curb, stairs, and abutment at the north of the bridge.

Name of Person or Agency Carrying Out Project: City of San Mateo

Exempt Status: Categorical Exemption, Class 2, Replacement or Repair, Section 15302

Reasons why project is exempt:

The project would replace an existing bridge and concrete walkway, curb, stairs, and abutments in a City park with new facilities of the same size and serving the same purpose as the existing ones. Therefore, the proposed project would be a replacement or reconstruction in the same location and will have substantially the same purpose and capacity as the structure replaced. Per section 15300.2 of the California Environmental Quality Act (CEQA) Guidelines, it has been determined that the Gateway Park is not included on any list compiled pursuant to Section 65962.5 of the Government Code (i.e., Cortese List), the project would not result in a significant impact due to unusual circumstances, damage scenic resources, affect a historic resource, or result in a cumulative impact. For these reasons and those stated above, the project is exempt from the provisions of CEQA.
