**Present Land Use/Zoning/General Plan Designation:**

**Residential High-Density (R-H), Affordable Housing Overlay (AHO)**

**Project Description:** *(please use a separate page if necessary)*

The 12-acre project site is located at 36360 Peterson Road. The Crossings on Peterson Road proposes 116 units (115 low-income units for families and one management unit) within 16 one and two-story residential buildings. The proposed total unit mix will be 38 one-bedroom units, 39 two-bedroom units, and 39 three-bedroom units. One-story buildings are proposed along the front and side property lines while all two-story buildings (maximum height 26'-5") and carports are centralized within the project to minimize the impact on view corridors. Project amenities will include a pool with a lounge deck, grilling and dining areas, a grass sports field, tot lot with large shade structures, and a community garden. The project will provide 271 parking spaces including 144 carport spaces and 127 uncovered spaces. The land use and zoning designation for the project site is currently Residential High Density (R-H) with Affordable Housing Overlay (AHO). The AHO designation allows 28 dwelling units per acre and the applicant is proposing a density of 10.24 dwelling units per acre.

*Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.*

**Reviewing Agencies Checklist**

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X". If you have already sent your document to the agency please denote that with an "S".
