This is to advise that the County of San Diego Department of Public Works (County decision-making body) has approved the above described project on 8/28/24 and found the project to be exempt from the CEQA under the following criteria:

Exempt status and applicable section of the CEQA ("C") and/or State CEQA Guidelines ("G"): (check only one)

- Declared Emergency [C 21080(b)(3); G 15269(a)]
- Emergency Project [C 21080(b)(4); G 15269(b)(c)]
- Statutory Exemption. C Section:
- Categorical Exemption. G Section: 15301
- G 15182 – Residential Projects Pursuant to a Specific Plan
- G 15061(b)(1) - Activity is exempt from the CEQA because it is not a project as defined in Section 15378.
- G 15061(b)(3) - It can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment and the activity is not subject to the CEQA.

Statement of reasons why project is exempt: Section 15301 of California Environmental Quality Act (CEQA) Guidelines categorically exempts CEQA review of actions consisting of the "operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features involving negligible or no expansion of existing or former use." The key consideration in applying this exemption is whether the proposed action involves expansion of an existing use. The proposed action includes repairs and replacement to existing public airport infrastructure, required to maintain safety of the active airfield. These activities involve negligible or no expansion of use of existing facilities, and accordingly, are exempt from CEQA review pursuant to Section 15301 of CEQA Guidelines.

The following is to be filled in only upon formal project approval by the appropriate County of San Diego decision-making body.
