

Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

Project Title: OROVILLE FACILITIES ENTERPRISE RECREATION AREA UPGRADES

Lead Agency: CA Department of Water Resources

Contact Name: Cassandra Evenson

Email: Cassandra.Evenson@water.ca.gov

Phone Number: 530-534-2411

Project Location: Oroville

City

Butte

County

Project Description (Proposed actions, location, and/or consequences).

DWR is proposing new and upgraded facilities in the Enterprise area of the Lake Oroville SRA. Under the Project, DWR would: (1) extend the existing Enterprise Boat Ramp; (2) construct a new, nearby boat ramp; (3) add a new parking lot situated between the boat ramp and the new ramp and a new parking lot access road; (4) improve existing restroom facilities to comply with the Americans with Disabilities Act of 1990 (ADA); (5) add a new picnic area; (6) update an existing trail to connect to the new picnic area; and (7) implement cut, fill, borrow, and bank stabilization associated with Project construction.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

Potentially significant impacts would be reduced to a less-than-significant level with the implementation of DWR's proposed mitigation measures, as presented in Chapter 3.0 of the Project's IS/MND. Specifically, those areas that have proposed mitigation include Biological Resources, Cultural Resources, Geology and Soils, Hydrology and Water Quality, and Tribal Cultural Resources.

The following Mitigation Measures (MM) have been proposed for the Project:

MM BIO-1: Pre-Construction Nesting Bird Surveys and Pre-Construction Environmental Awareness Training

MM BIO-2: Water Quality Protections and Compensation for Direct Impacts to Waters of the U.S.

MM CUL-1: Cultural Resources Monitoring

MM CUL-2: Conduct Cultural Resource Awareness and Sensitivity Training

MM GEO-1: Sedimentation and Erosion Control Measures

MM TCR-1: Tribal Monitoring

MM TCR-2: Tribal Cultural Resources Sensitivity and Awareness Training

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

NA

Provide a list of the responsible or trustee agencies for the project.

California Department of Fish and Wildlife
State Department of Parks and Recreation (State Parks)
