**SUBJECT: FILING OF NOTICE OF DETERMINATION IN COMPLIANCE WITH PUBLIC RESOURCES CODE SECTION 21108 OR 21152**

State Clearinghouse No.: 2024090644

Project Name: Jacumba Fire Station 43

Project Location: 44850 Old Highway 80, Jacumba, CA 91934 (APN: portion of APN 660-150-18-00)

Project Applicant: County of San Diego

Project Description: The project consists of construction and operation of an approximately 8,500 square foot fire station within an approximately 2.77-acre portion of a 5-acre property, and the necessary easements, permits and approvals for the project. The project also consists of onsite parking for employees and visitors, EV parking spaces, water and fire water storage tanks, stormwater bioswale/infiltration basin, ground mounted and/or roof mounted photovoltaic solar array, emergency diesel generator contained within a noise attenuating enclosure, landscaping (native and drought tolerant), signage, security fencing, flagpole, trash enclosure, shielded/downward-directed night lighting, and radio communications antenna, not to exceed a height of 40 feet. Except for communication antennas or similar structures, the maximum height of the new fire station facilities would not exceed 30 feet. Water to serve the project (potable and fire station operations) would be provided via a new onsite well and appurtenant small water treatment system. If determined feasible, the project could install an approximately 475-linear-foot waterline underground that would connect the project site with the closest connection point of the Jacumba Community Service District water system. The waterline would travel west of the project site and north, adjacent to Hwy 80. Wastewater generated by the project would be disposed of via an approximately 8,100-square-foot septic leech field and septic tank. Earthwork consists of 1,500 cubic yards of excavation. Access will be provided by a new driveway connecting to Old Highway 80.

Agency Approving Project: County of San Diego

County Contact Person: Marcus Lubich, Project Manager Telephone: 858-414-4593

Date Project Approved: March 11, 2025

This is to advise that the County of San Diego Board of Supervisors has approved the above-described project on March 11, 2025 (4), and has made the following determinations regarding the above described project:

1. The project  will  will not have a significant effect on the environment.
  2.  An Environmental Impact Report was prepared and certified for this project pursuant to the provisions of the CEQA.
