 Economic/Jobs Public Services/Facilities Traffic/Circulation Other: _____

Present Land Use/Zoning/General Plan Designation:

Natural Resources, Forest Resources - 160-acre minimum

Project Description: *(please use a separate page if necessary)*

Flume 45 is a critical component of the El Dorado Irrigation District's water conveyance system for the El Dorado Hydroelectric Project (Project 184). The Project would remove the existing wooden flume, which is highly susceptible to damage and destruction by natural hazards including wildfires, landslides, and falling trees and rocks, and replace it with a more durable ignition resistant concrete conveyance structure (i.e., U shaped concrete canal). The Project requires the removal and demolition of approximately 1,140 linear feet of water conveyance, which includes a wooden flume, wooden substructure, and a historic hand-stacked rock wall. Construction of the new conveyance structure involves construction of a mechanically stabilized earth retaining wall, construction of a new U-shaped concrete canal, slope stabilization, replacement of an existing maintenance access bridge that spans the water conveyance structure, and improvements along a maintenance access road adjacent to the flume. As part of the Project, EID would also perform routine road maintenance activities along the primary access road to allow for construction and continued maintenance access to the new canal segment. The Project would be constructed during the District's annual maintenance outages, beginning in August 2026 and ending in January 2028. The first construction period would occur between August 2026 and January 2027 and the second would occur between August 2027 and January 2028.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
