SUBJECT: FILING OF NOTICE OF EXEMPTION IN COMPLIANCE WITH PUBLIC RESOURCES CODE SECTION 21108 OR 21152

Project Name: Issuance of Right of Entry Permit Number SFV 2024 09-20

Project Location: Santa Fe Valley Preserve, 8705 Del Dios Road, Escondido, CA 92029

Project Applicant: County of San Diego Department of Parks and Recreation, 5500 Overland Avenue, Suite 410, San Diego, CA 92123

Project Description: The project involves the issuance of Right-of-Entry Permit number SFV 2024 09-20 which authorizes the City of San Diego Public Utilities Department to access Santa Fe Valley Preserve for the purpose of installing and maintaining a stream gage.

Agency Approving Project: County of San Diego

Date Form Completed: 9/20/2024

County Contact Person: Shannon Quigley-Raymond

Telephone: (619) 694-6801

This is to advise that the County of San Diego Director of Department of Parks and Recreation has approved the above-described project on **9/19/2024** and found the project to be exempt from the CEQA under the following criteria:

Exempt status and applicable section of the CEQA ("C") and/or State CEQA Guidelines ("G"): (check only one)

- Declared Emergency [C 21080(b)(3); G 15269(a)]
- Emergency Project [C 21080(b)(4); G 15269(b)(c)]
- Statutory Exemption. C Section:
- Categorical Exemption. G Section(s): 15306 Information Collection
- G 15182 – Residential Projects Pursuant to a Specific Plan
- Activity is exempt from the CEQA because it is not a project as defined in Section 15378.
- G 15061(b)(3) - It can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment and the activity is not subject to the CEQA.

Statement of reasons why project is exempt:

Section 15306 (Information Collection) is applicable because the project will consist of installing and maintaining a stream gage to monitor flows in the San Dieguito River for the purpose of tracking water releases from Lake Hodge Reservoir and will have minimal impact to biological, water, aesthetic, air and cultural resources. The telemetry, solar panel and data logger housing will be installed on one metal pole in an existing disturbed area using hand tools. A conduit will run from the data logger to the pressure transducer sensor in the stream and no trees or native vegetation will be removed. The installation will also occur outside of bird nesting season (February 15 to September 15).

Additionally, the project will not impact environmental resources of hazardous or critical concern that are designated, precisely mapped and officially adopted by government agencies; does not contribute to cumulative environmental impact; will not have a significant impact on the environment due to unusual circumstances; does not damage scenic resources within a designated state scenic highway; is not on the list of Hazardous Waste and Substance Sites pursuant to Section 65962.5 of the Government Code; and does not cause adverse change in the significance of a historical resource.

The following is to be filled in only upon formal project approval by the appropriate County of San Diego decision-making body.

Name (Print): Crystal Benham Title: Chief, Resource Management Division

This Notice of Exemption has been signed and filed by the County of San Diego.

This notice must be filed with the Recorder/County Clerk as soon as possible after project approval by the decision-making body. The Recorder/County Clerk must post this notice within 24 hours of receipt and for a period of not less than 30 days. At the termination of the posting period, the Recorder/County Clerk must return this notice to the Department address listed above along with evidence of the posting period. The originating Department must then retain the returned notice for a period of not less than twelve months. Reference: CEQA Guidelines Section 15062.
