County

Project Description (Proposed actions, location, and/or consequences).

The California Department of Transportation (Caltrans) proposes the Sacramento 12 Terminous Safety Project. The proposed project is located on State Route 12 in Sacramento County, between Post Miles 0.70 and 6.11. The total length of the proposed project is 5.41 miles. This proposed project was programmed for safety and updating roadways to current standards. The project proposes to install concrete median barrier, improve left turn access at the intersection of Terminous Road, grind and overlay the existing pavement, extend or replace fair condition drainage systems, replace existing nonstandard/poor condition roadside signs, upgrade existing guardrails that do not meet current standards, add Maintenance Vehicle Pullouts, and install a census station and closed circuit television.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

The proposed project would have No Impact on: Aesthetics, Agricultural and Forest Resources, Biological Resources, Cultural Resources, Energy, Geology and Soils, Land Use and Planning, Mineral Resources, Noise, Population and Housing, Public Services, Recreation, Tribal Resources, Utilities and Service Systems and Wildfire. The proposed project would have Less than Significant Impacts to: Air Quality, Greenhouse Gas Emissions, Hazards and Hazardous Materials, Hydrology and Water Quality, Transportation, Mandatory Findings of Significance. No mitigation measures are proposed for this project.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.
