Project Title: Tulelake Waterline Project

Project Applicant: City of Tulelake

Project Location (include county): Siskiyou

Project Description: The City of Tulelake proposes to address deficiencies present in water distribution system components. This proposed project includes the planning and design to replace backflow preventers, new water storage tank (to replacing one existing tank), new master water meters to four outside water districts, replacement of 1,000 ft of asbestos cement pipe within the distribution system, the rehabilitation of two existing wells, replacement of 500 feet of aged cast iron leaky water main, replacement of five service connections, reconnection of two existing fire hydrants, installation of an emergency potable water re-filling station with a drinking fountain, and emergency use water bottle provisions. The scope of work will include replacement of valves and other plumbing vaults at four locations, waterline replacement in four alleyways, the replacement of new water tanks, and well rehabilitations in an undeveloped lot and a portion of the Water Pumping Facility and public works yard.
