

Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

Project Title: Riverside Alive Project

Lead Agency: City of Riverside

Contact Name: Paige Montojo

Email: PMontojo@riversideca.gov

Phone Number: 951-826-5773

Project Location: Riverside

City

Riverside

County

Project Description (Proposed actions, location, and/or consequences).

See attachment.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

An Initial Study has been prepared for the Project. As identified in the Initial Study, Biological Resources may be impacted by the proposed Project and the Project proposes to implement mitigation measure MM BIO-1 to reduce environmental effects to less than significant. Additionally, the Initial Study found that Cultural Resources may be impacted by the proposed Project, therefore, the Project proposes to implement mitigation measure MM CUL-1 to reduce environmental effects in the event human remains were encountered. The analysis in the Initial Study identified potentially significant environmental effects could occur to Aesthetics, Air Quality, Cultural Resources, Energy, Geology/Soils (specifically paleontological resources), Greenhouse Gas, Noise, Public Services, Transportation, Tribal Cultural Resources and Utility and System Services. Therefore, these topics, together with other CEQA-mandated analyses including Alternatives, Cumulative Effects, and Growth Inducement will be addressed in the EIR that will be prepared for the proposed Project. The EIR will identify the level of impacts that will result from detailed analysis Aesthetics, Air Quality, Cultural Resources (Paleontological Resources), Energy, Greenhouse Gas, Noise, Public Services, Transportation, Tribal Cultural Resources and Utilities and System Services. Mitigation will be identified in the EIR.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

The City of Riverside (City) is issuing a Notice of Preparation of a Draft Environmental Impact Report (NOP) and an associated Initial Study. The purpose of the NOP is to inform reviewers of the City's intent to prepare an EIR and to provide an opportunity for interested agencies and persons to comment on the scope and content of the environmental information to be included in the Draft EIR. As such, information regarding areas of controversy and potential issues involving the Project is currently being gathered by the City. Comments received during the NOP comment period will be included in the EIR, and the areas of known controversy will be listed.

Provide a list of the responsible or trustee agencies for the project.

None identified.
