Project Title: Baltimore Ravine Shaded Fuel Break

Lead Agency: City of Auburn

Contact Name: John Rogers

Email: jrogers@auburn.ca.gov Phone Number: 530-823-4211

Project Location: Auburn Placer
City *County*

Project Description (Proposed actions, location, and/or consequences).

The proposed Project would treat up to 212 acres incrementally as implementation funding becomes available. As of October 2024, the City of Auburn is holding implementation funding to treat 120 acres. Project treatments may include mastication, hand cutting, chipping and broadcasting of cut material, piling (by hand or with equipment) and burning of material, tree pruning, herbicide application, and prescribed grazing.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

Once mitigation measures are implemented, the proposed project would have a less-than-significant impact on biological resources, geology and soils, hazards and hazardous materials, and tribal cultural resources.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

Resources analyzed in the IS/MND that are of standard concern include aesthetics/visual resources, air quality, biological resources, cultural and tribal cultural resources, hydrology, noise, and water quality.

Provide a list of the responsible or trustee agencies for the project.

Central Valley Regional Water Quality Control Board and California Department of Fish and Wildlife
