Project Description (Proposed actions, location, and/or consequences).

The County is proposing to develop two 4-MW AC solar PV facilities on County-owned property located at 5300 West Avenue I Lancaster, CA 93536. The proposed Project would consist of the following components: (1) solar PV panels; (2) mounting structures; (3) power conditioners; and (4) site access and fencing. The solar electricity generated by the proposed solar PV facility would be fed to the electrical grid through two separate interconnections provided by SCE.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

The proposed Project would result in less than significant impacts with mitigation to each of the following resources:

- Biological Resources
- Cultural Resources and Tribal Cultural Resources
- Geology and Soils
- Hazards and Hazardous Materials

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.
