Reasons why project is exempt: The City of San Diego determined that the project would qualify to be categorically exempt from CEQA pursuant to Section 15332, In-Fill Development; and where the exceptions listed in Section 15300.2 would not apply. Section 15332 allows for infill development where projects meet the specified conditions. This project would expand an existing 5,699 square-foot building by 128 square-feet, accommodate parking and sea cargo containers at an adjacent lot. This is within the allowable development footprint of the lot and conforms with the Southeastern

San Diego Community Plan designation of Neighborhood Mixed Use-Medium. The site is surrounded by similar urban development, is within city limits, is less than five acres in size, is of no value as habitat for endangered species, would not result in significant effects to traffic, noise, air quality, or water quality, and can be adequately served by all required utilities and public services. The site is not included on any list compiled pursuant to Government Code Section 65962.5 for hazardous waste sites.
