Project Title: Installation of Signage at Roy's Restaurant at South Embarcadero

Project Applicant: Tom Tabler, General Manager, Marriott Marquis San Diego Marina, 333 W Harbor Drive, San Diego, CA 92101; (619) 230-8900

Project Location – Specific: 333 W Harbor Drive, San Diego, CA 92101

Project location – City: San Diego

Project Location – County: San Diego

Description of Nature, Purpose, and Beneficiaries of Project: The proposed project would involve the installation of two (2) illuminated signs for Roy's Restaurant by Marriott Marquis San Diego Marina (Applicant) in the City of San Diego, California. The proposed signs would be mounted in two locations around the restaurant. One would be a top mounted sign on an existing trellis oriented to face oncoming promenade traffic; the other sign would be a pole sign mounted within an existing planter box fronting the southwestern entrance of the restaurant. The dimensions of the proposed sign mounted to the existing trellis would be approximately 37-inches-long by 24-inches-high channel letters alongside an approximately 38-inches-long by 9-inches-high tagline box. The proposed sign mounted in the planter would be approximately 18-inches-long by 18-inches-high. Existing landscaping in the planter box would not be removed or significantly altered to install the sign. Both signs would be backlit by lighting sources that would not exceed 2700 kelvins. Sign installations would take approximately one (1) day and would require a crew of approximately two (2) personnel. There would be no closure of the restaurant, sidewalks, or walkways during the installation period.

Name of Public Agency Approving Project: San Diego Unified Port District (SDUPD)

Exempt Status: (Check one):
 Ministerial (Sec. 21080(b)(1); 15268);
 Declared Emergency (Sec. 21080(b)(3); 15269(a));
 Emergency Project (Sec. 21080(b)(4); 15269(b)(c));
 Categorical Exemptions: Existing Facilities (SG § 15301) (Class 1) and Accessory Structures (SG § 15311) (Class 11)
 Statutory Exemption. State code number:

Reason Why Project is Exempt: The proposed project is determined to be Categorically Exempt pursuant to California Environmental Quality Act (CEQA) Sections 15301 (Existing Facilities) and 15311 (Accessory Structures) and Sections 3.a. and 3.i. of the District's *Guidelines for Compliance with CEQA* because the proposed project would consist of the installation of on-premise signage that would involve no expansion of use beyond that previously existing. Section 3.a. and 3.i. of the District's *CEQA Guidelines* are as follows:

- 3.a. **Existing Facilities:** Includes operation, repair, maintenance, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that previously existing;

AND/OR

3.i. Accessory Structures: Includes construction, or placement of minor structures accessory to (appurtenant to) existing facilities, including:

(3) On-premise signs.

The Shelter Island Harbor Police building is more than 45 years old, but the project site is not listed on any National, State, or City of San Diego historic registers. Therefore, the project site's historical resource status under CEQA remains undetermined. The District has determined that there would not be a substantial adverse change to any potentially historic resource because the proposed project would merely involve in-kind replacement of existing doors, sidelights, and the interior backglazing of office windows; exterior improvements would be painted to match that previously existing. The original doors and windows were replaced at the Shelter Island Harbor Police Building in 2015, and the previous project was determined Categorical Exempt pursuant to CEQA on October 12, 2015 (Project No. 2015-149). Therefore, the proposed project would not substantially alter the exterior appearance of the facility and would not materially impair the architectural integrity nor the historical significance of this potentially historic resource.
