Project Description (Proposed actions, location, and/or consequences).

The City of Arcadia is proposing an update to its existing General Plan Safety Element and to adopt a new Environmental Justice Element, including implementation actions in the Implementation Plan. The proposed Safety Element Update and new Environmental Justice Element include new and updated policies and goals designed to enhance public safety with regards to flood hazards, fire hazards, evacuation routes, and climate change, and promote healthy and equitable outcomes within the City. The proposed amendment will not amend any other element of the City of Arcadia's General Plan, including the Land Use Element, Circulation Element, and Housing Element. As such, no changes to the development potential of the approved, existing General Plan will occur as a result of the proposed amendment.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

No significant or potentially significant effects were found. A Negative Declaration has been completed.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.
