**Present Land Use/Zoning/General Plan Designation:**

General Plan; MDF, OS-W: Open Space-Water Zoning: R-1A-9000, W-1 Water Ways

**Project Description:** (please use a separate page if necessary)

The Strawberry Creek Diversion Structure Rehabilitation and Pipeline Replacement Project is an urgently needed infrastructure rehabilitation project needed to ensure that the customers of the IWD continue to have a safe and reliable source of drinking water. The subject diversion structure and pipeline are several decades old, have been repaired in the past but now require replacement. The diversion structure provides stream flow diversion while providing for ongoing downstream flows during both low and high flow periods in the creek.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

**Reviewing Agencies Checklist**

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X". If you have already sent your document to the agency please denote that with an "S".
