Present Land Use/Zoning/General Plan Designation:

Resort Recreational

Project Description: (please use a separate page if necessary)

The remnants of the existing groin wall will be removed and a new groin wall will be constructed in its place at the same elevation. The proposed project would restore approximately 100 linear feet of the existing seawall which forms a barrier between the upland promenade east of Crescent Avenue and the Pacific Ocean. The existing launch ramp for small water craft and stairway down to the beach would be repaired/restored to improve the surface and overall safety and function. The project would require the placement of approximately 6,000 cubic yards of sand to restore the beach surface.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
