Project Applicant: Rural North Vacaville Water District

Project Title: Arsenic Remediation Project (Project)

Project Location: West end of Buena Vista Lane, Vacaville, 38.424265, -121.977358

Project County: Solano

Project Description: The Applicant proposes to install and operate a new arsenic treatment system at an existing well site. The Project includes the installation of the treatment system which is mounted on a 90 square-foot skid and connecting electrical and piping.

Public Agency Approving the Project: State Water Resources Control Board (State Water Board)

This is to advise that the State Water Board has issued a domestic water supply permit for the above-described Project on October 28, 2024. A record of approval for the Project is available to the general public at the State Water Board, Division of Drinking Water district office listed above.

CATEGORICAL EXEMPTION STATUS:

Class 1: Existing Facilities Cal. Code of Regs., section 15301

Reason Why the Project Is Exempt: The Project is exempt because it is the operation of an arsenic water treatment system for the protection of public health at an existing facility. None of the exceptions listed in section 15300.2 of the CEQA Guidelines would apply to the proposed Project.
