Project Description (Proposed actions, location, and/or consequences).

Countywide 6th Cycle Housing Element - City of Plymouth (Plymouth Annex). The State of California requires all cities and counties to update their housing element every 8 years. The Cities of Amador County have participated in a Countywide Housing Element for the 6th Cycle Housing Element Period (2021-2029). The City of Plymouth is included within the Housing Element and a specific Annex within the Housing Element is specific to the City. As part of the Housing Element, the City has prepared a Draft Initial Study/Negative Declaration to review potential impacts related to the City's Annex within the Housing Element. On the basis of the Initial Study, the Plymouth Planning Department has determined that the Housing Element will not have a significant adverse effect on the environment.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.
