**Project Description:** (please use a separate page if necessary)

The project would demolish the existing 2,284-square-foot residence and construct a new 3,988-square-foot, two-story residence and a new junior accessory dwelling unit (JADU) above a new two-car garage. The JADU would be approximately 335 square feet. The proposed building footprint would generally form an L-shape oriented towards the south and would be two stories, with a maximum height of 25'-5" feet from existing grade. The project would include solar panels on the building roof. The main vehicle access would be from San Rafael Avenue and the vehicle garage entry would continue to be from Lagoon Road.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
