Project Description: *(please use a separate page if necessary)*

The project proposes to remove the 600-acre utility-scale solar overlay restriction in Cuyama Valley and allow such projects with Conditional Use Permits (CUPs) on various zoned lands throughout the unincorporated county. It also introduces a new "community-scale" solar category for smaller facilities. The project aims to streamline solar permitting processes and update multiple county plans and regulations to meet state requirements including the County of Santa Barbara Comprehensive Plan; Coastal Land Use Plan; County Land Use and Development Code (LUDC); Montecito LUDC; Article II Coastal Zoning Ordinance; Gaviota Coast Plan and other relevant community plans; and Uniform Rules for Agricultural Preserves and Farmland Security Zones (Uniform Rules).

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
