Re: SCH # 2024110558 - RCTA Williams Drive Electric Bus Charging Infrastructure

Dear Mr. Schwein:

The California Department of Transportation (Caltrans), Division of Aeronautics (Division) has reviewed the Negative Declaration for the RCTA Williams Drive Electric Bus Charging Infrastructure Project (Project). One of the goals of the Division is to assist cities, counties, and Airport Land Use Commissions (ALUC) or their equivalent, to understand and comply with the State Aeronautics Act pursuant to the California Public Utilities Code (PUC), Section 21001 et seq. Caltrans encourages collaboration with our partners in the planning process and thanks you for including the Division of Aeronautics in the review of the Negative Declaration.

The Project site is located approximately 2.5 miles southeast of the Jack McNamara Field airport.

The proposed Project is in the Airport Influence Area, of Jack McNamara Field airport and therefore must adhere to the safety criteria and restrictions defined in the Airport Land Use Compatibility Plan (ALUCP) adopted by the ALUC pursuant to the PUC, Section 21674. The Lead Agency should consider any compatibility polices stipulated in the 2017 ALUCP for Del Norte County.

The ALUCP can be found on the Del Norte County Planning Division Website: [County of Del Norte, California - Documents](#), or at this link:
<https://drive.google.com/file/d/0Bzf2JDvdHAIcBmlfUE5KbUVqT0U/view?usp=sharing>.
