Present Land Use/Zoning/General Plan Designation:

Agriculture, Commercial, Conservation land, Federal land, Industrial Open space, Planned unit development, Public facilities, Recreation, Residential, Resource protection, Rural land

Project Description: (please use a separate page if necessary)

SCE is proposing to construct and operate the project. The project would be located in Kern County, to the east of the City of Bakersfield. SCE is required to file an application for a PTC with an accompanying Proponent's Environmental Assessment (PEA) with the CPUC for the project. The project would involve rebuilding 65.3 miles of existing 66 kV subtransmission circuits by removing and replacing existing subtransmission towers and poles; removing and replacing existing conductor; installing optical ground wire; and modifying existing substations facilities associated with the powerline.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
