

Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

Project Title: 2025-2045 El Dorado County Regional Transportation Plan (RTP)

Lead Agency: El Dorado County Transportation Commission

Contact Name: Jerry Barton, Senior Transportation Planner

Email: jbarton@edctc.org Phone Number: 530.642.5260

Project Location: El Dorado County (Countywide)

City

County

Project Description (Proposed actions, location, and/or consequences).

The EDCTC intends to prepare a Program EIR pursuant to CEQA Guidelines Section 15168. The programmatic analysis considers the broad environmental effects of the RTP. The programmatic approach is appropriate for the proposed project because it allows comprehensive consideration of the reasonably anticipated scope of the RTP; however, not all aspects of the future improvement projects are known at this stage in the planning process to enable more detailed analysis. Individual improvement projects that require further discretionary approvals when their project details become available will be examined considering this EIR to determine whether additional environmental documentation must be prepared.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

All environmental topics identified in Appendix G of the State CEQA Guidelines will be analyzed within the EIR, including: Aesthetics, Agricultural and Forestry Resources, Air Quality, Biological Resources, Cultural Resources, Energy, Geology/Soils, Greenhouse Gases/Climate Change, Hazards and Hazardous Materials, Hydrology/Water Quality, Land Use/Planning, Mineral Resources, Noise, Population/Housing, Public Services, Recreation, Transportation/Circulation, Tribal Resources, Utilities and Service Systems, Wildfire, Cumulative Impacts, and Growth Inducing Impacts.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

N/A

Provide a list of the responsible or trustee agencies for the project.
