

Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

Phone Number: 707-839-3251

Project Location: McKinleyville, Humboldt County

City

County

Project Description (Proposed actions, location, and/or consequences).

The Wastewater Recycling Expansion Project includes the expansion of existing water recycling facilities along Fischer Avenue and adjacent agricultural fields in McKinleyville, CA in order to increase recycled water irrigation capacity, reduce operational costs, and offset groundwater extraction. Specifically, the Project includes the installation of ten 100-ft by 200-ft flood cells in open agricultural land on a bluff, replacement of 2,075 linear feet of 16-inch pipe along Fischer Avenue, installation of 5,060 linear feet of 16-inch pipe in the agricultural fields approximately perpendicular to Fischer Avenue, and installation of three pivot sprinkler irrigation systems within the agricultural fields. In total, Project implementation would result in 10.32 acres of ground disturbance.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

The Initial Study/Proposed Mitigated Negative Declaration includes mitigation measures for the following topics.

- Air Quality: BMPs to Reduce Air Pollution;
- Biological Resources: Avoidance and Minimization Measures to Protect Special Status and Nesting Birds / Avoidance and Protection of Wetlands;
- Cultural Resources: Tribal Cultural Monitoring and Monitoring Plan / Inadvertent Discovery of Archaeological Material / Inadvertent Discovery of Human Remains;
- Geology & Soils: Inadvertent Discovery of Paleontological Resources;

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

None known.

Provide a list of the responsible or trustee agencies for the project.

U.S. Army Corps of Engineers
North Coast Regional Water Quality Control Board
California Department of Fish and Wildlife
California Coastal Commission
Humboldt County
North Coast Unified Air Quality Management District
