Present Land Use/Zoning/General Plan Designation:

Various City and SJ County residential and agricultural zoning districts along project alignment; no zoning within public road right-of-way. Various residential and ag designation in General Plan.

Project Description: (please use a separate page if necessary)

The project would allow the City to take delivery of drinking water treated by the South San Joaquin Irrigation District (SSJID) as part of the South County Water Supply Project (SCWSP). The project proposes to install two parallel water pipelines, each 18 inches in diameter, or a single pipeline 24 inches in diameter, along Jack Tone Road from River Road in Ripon to French Camp Road, where the lines would connect to an existing 48-inch diameter SWSCP potable water line managed by SSJID. The total length of the project would be approximately 4.5 miles. The project would tie into the City of Ripon water systems in the vicinity of River Road my means yet to be determined.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
